

Ruben Lizardi

Software Engineer

SUMMARY

Creative, detail-oriented, software engineer with a deep interest in Robotics and AI. Proven track record of creating and implementing successful front and back end web applications. Aspiring to leverage my software engineering expertise in a dynamic and expanding organization.

WORK EXPERIENCE

Software Engineer at 100devs | Los Angeles, CA

January 2022 — Present

- Collaborated with a team of developers to build modern and responsive web applications using best practices
- Built semantically structured full stack web applications
- Applied agile methodologies like SCRUM for project management

Recent Projects:

Phantom Dash – Developed and launched Phantom Dash, a comprehensive online platform aimed at guiding aspiring professionals in pursuing careers in software engineering. Implemented user-friendly features and regularly updated content.

Prestige Studios – Implemented a modern and visually appealing design that showcased the portfolio of photographer Desmond, incorporating elements that reflected the studio's commitment to quality and professionalism.

Other Projects: Small Lakes Casino Virtual Slot Machine, Los Angeles StarGazers Society APOD Web App with NASA API integration, On-demand background color changer for Partnered Twitch streamer, and many more

Software Development Consultant | Phoenix, AZ

February 2019 — Present

Created full stack web applications and static websites for different clients across small and medium size businesses. Also, consulted on SEO and social media strategy. Some clients included:

Salazar Hospice Care – Developed a responsive website for a hospice care provider, enhancing online visibility and facilitating patient and family access.

RollForm Operator - CornellCookson | Goodyear, AZ

October 2016 — June 2023

Experienced roll form operator with a six-year track record of efficiently shaping metal components and consistently meeting rigorous production deadlines.
